roll of the Hub officials of the American League wondered among themselves regarding the sort of a left handed propo-

sition they had stacked up against.

For, it is worthy of note just here, Colonel Lee defeated the Bostons and the score was 2 to 0. It is something of an achievement to simply beat those Bean-caters, who, at one period of the race for the pennant this spring, had the honor of being at the head of the procession for a couple of days. This may not be so very much when you come to pender over it, but it is heap better than the Senators have been able to do, although the Manningites have been able to say "Howdy" to the leaders and take a fail or two out of them and then turn around and get soundly spanked by the despised tail-end teams. But, besides beating these Bostonese, Colonel Lee was mean enough to deny them a tally. Actually shut them out—the second time this has occurred during the season, too. The previous occasion was durins the series in Boston, when the most eminent baseball scribe in that city thought t wise to pen the sition they had stacked up against.

The Senators scored their first run in the fourth inning. Gear was able to connect with one of Lewis' high inshoots and whacked the ball over the head of second baseman Ferris, much to the delight of the spectators, who had just about come to the conclusion that Lewis was going to prove one to many for the local hitters, although Colonel Lee was doing things to the Hub sluggers all the time. SAVED BY CHARLEY NICHOLS. The Veteran Pitcher Does Great

Work in Left Field. BOSTON, June 27.-It took the locals twelve innings to win today. Charley Nichols, the veteran pitcher, played in left field and saved the game twice for Boston. In the ninth he made a home run and tied the score when two men were out. In the tenth, with the score a tie, Nichols made a great throw from left field and cut off Kruger from scoring.

ried to extremes. We do more than is necessary to be certain of doing enough.

The caldrons in which the beer is brewed are kept scrupulously clean and covered. The air in which the beer is cooled is filtered.

The barrels in which it is stored are cleaned with steam and soda, then glazed with rosin on the inside, then cleaned again. The bottles are cleaned with utmost precaution.

Still we filter the beer, then sterilize every bottle, for the slightest uncleanliness taints the whole product. It is in these ways that Schlitz beer hasgained its reputation for purity, and made Milwaukee famous.
